RE: Environmental Inquiry for area located between NW 36 St and NW 74 St and East of the Palmetto Expressway to Ludlam Rd, Miami Springs, Florida.

Dear Mr. Borgman:

As a follow-up to your inquiry regarding contamination and/or environmental violation sites within the referenced area please find attached a list of said open sites which are currently undergoing corrective and/or departmental actions, along with a site map which depicts the locations of these sites.

Additionally, regarding liability for these violations, please be advised that Section 24-31 (6) of Chapter 24 of the Code of Miami- Dade County provides that whenever a violation of this Chapter occurs or exists or has occurred or existed, any person individually or otherwise, who has a legal, beneficial or equitable interest in the facility causing or contributing to the violations shall be jointly and severally liable for said violation regardless of fault and knowledge. Based on this, DERM continues to proceed against the responsible parties with necessary departmental actions in order to bring these sites into compliance with the requirements of Chapter 24.

If you have any questions regarding the above or wish to review department records on any of these sites please contact Donna Gordon, Manager of the Enforcement Section of DERM at 305-372-6902.

Sincerely,

A handwritten signature in black ink that reads "Hardeep Anand". The signature is fluid and cursive, with the first name "Hardeep" and the last name "Anand" clearly distinguishable.
